Citizens' Group Backs Closing Of Teen-Age Dance Hall In L.G.

A Lemon Grove citizens' group demanded permanent shut down of a teen-age dance hall Thursday. The hall, in the Fayaton Building at Broadway and Olive streets in Lemon Grove, had been the focal point of growing juvenile problems during the past several months, sheriff's deputies told the group.

The citizen's who formed a voluntary organization, adopted a resolution backing the sheriff's action which resulted in the revocation of a permit allowing the dances.

The sheriff's department decided to revoke the license after a riot of teen-agers caused the injury of two deputies.

Chief Deputy Sheriff William Woods estimated the crowd to number "more than 500."

The citizen's group was comprised of 20 concerned residents representing churches, PTAs, service clubs and business organizations. It met at the L. G. School District education center.

The dance hall is the Fayaton building at 7702 Broadway. It is operated by Lew Fay, II, 21, of 6422 Mallard st., San Diego.

Estimates 1,000

Fay, who attended the citizens' meeting and asked for "support and cooperation" said the total was 800 inside and 1,000 outside. The latter group was turned away because the dance hall's capacity had been reached.

It was the turn-away group that rioted and injured the deputies. Sheriff's Lt. Robert Randall said that the department had anticipated the trouble and had 50 deputies in the area. The two injured men were hit by rocks and bottles thrown by the rioters.

Chief Woods said that 15 arrests were made for drunkenness, disturbing the peace, and fighting. He said the license was revoked by the sheriff after numerous complaints were received. "The license was revoked to preserve peace," he said.

Lt. Randall said that most of the rioters were from San Diego. He said that "someone might have gotten hurt had there not been a large force of officers present." Most of them were reserve officers who work without pay.

The citizens' group passed a resolution to support the sheriff in the closing action and to oppose re-instating the license by appeal.

Fay said that he had appealed the revocation.

PUBLIC HEARING

The matter will be heard before the board of supervisors in a public hearing Feb. 15.

Chairman of the citizens' committee, Paul Reynolds, president of the L. G. Kiwanis club and business manager of the L. G. School District, said his group was aware that Fay was conducting the dances as orderly as possible but the circumstances dictated the need for a committee to look at the effect the trouble was having on he community's image.

The Rev. E. Walter Smith, pastor of the L. G. Congregational church said that his church, when he was in Mission Hills, had attempted to hold public dances for teen-agers and the dances erupted into riots. "You can't keep the gangs out. The same thing will happen over and over again," he said.

Lillian Collette, PTA president said that the dances apparently were not policed enough by the dance operator. Dr. Jordan Detzer, pastor of the L. G. Methodist church said "we ought to try to supply dances for youngsters out of the center of the town."

Business Revitalization Explored By LG CofC

Lemon Grove Chamber of Commerce directors Tuesday explored ways of revitalizing commerce in Lemon Grove and took as a first step a clean up-fix up, paint up program.

Chamber President Forrest Baxter called on local service clubs to participate in the project, the date of which is to be announced.

Robert Mastney, local cleaning service operator, was named chairman of the project.

In an extended discussion on improving business climate in the Lemon Grove community, Ford Dealer Pat Grace and BoA Manageer Alex Woods each presented a general program. While the approach differed, the objective was the same—more business for the town.

The chamber heard a request for endorsing an adult dance hall for opening in the former Piggly Wiggly building. The board ruled that it could not endorse specific business firms.

The board was told of a program under way to encourage local residents to shop at home. Merchants will soon be giving car-wash discount cards with minimum purchases. Cars will be washed locally.

SV Freeway Gets Commission's OK

A release from Sacramento this past week indicated the California Highway Commission has approved the much-discussed 4.1 mile freeway through Spring Valley from south of Mt. Miguel High School. The route was identified as alternate at a public hearing last Aug. 18, by the State Highway Division, and several meetings of citizens followed with many groups divided in opinion as to where the highway should go; east of Sweetwater rd. or west.

The final decision is that the route will run north from Blossom ln. (north of Mt. Miguel High School) along the west side of Sweetwater rd. then near Broadway it will turn northeast to join State Highway 94 and follows it to join the interchange at Campo rd. Then it will follow State 67 to he junction with Interstae 8 freeway.

Public Hearing Slated On Suspension Here Of Teen Dance Permit

Teen-age dances at the Lemon Grove Fayaton Building came to a halt last week when the dance permit was suspended, but the promoter hopes to start the music again.

Lew Fay II has appealed the suspension and a public hearing before county officials has been slated for 10:45 a.m., Monday, Feb. 15.

Because of the large attendance expected the hearing on the revocation of the license will be conducted in the chambers formerly used by the San Diego City Council.

Sheriff Joe O'Connor said that during the past several weeks there have been infractions of the law and of teen-age dance regulations in and near the Fayaton Building.

'Starvation Without Hunger' Premieres At Lemon Grove's San Miguel School

San Miguel Elementary School of the Lemon Grove School District was the scene of the San Diego premiere of a new Dairy Council of California film — "Starvation Without Hunger" at noon last Monday, Jan. 25.

The 15-minute color film, produced in cooperation with the California School Food Service Association, stresses the importance of nutrition in growing children and emphasizes the significance of the "Type A" school lunch in meeting nutritional requirements.

James Terry, principal of the San Miguel Elementary School and Mrs. Ruth Pfister, Lemon Grove District School Lunch supervisor and Area 7 representative of the California School Food Service Association, acted as hosts at the premiere.

Attending the premiere were: Arthur Long and Bert Costby, members of the Lemon Grove School Board; Byron Netzly, superintendent of the Lemon Grove School District; Robert Sutton, principal of the Lemon Grove Junior High School; Douglas Giles, principal of the San Altos Elementary School and Hal Brogan, principal of the Palm Junior High School.

Also attending were: Mrs. Mabel Dalrymple of Escondido, State treasurer of the California School Food Service Association; Mrs. Dorothy White, Mrs. Wilma Walker and Murphy Poret, presidents respectively of the North San Diego, Mt. Helix and South San Diego districts of the California School Food Service Association, as well as Mrs. Betty Higgins, teacher consultant, and Paul Reynolds, business manager of the Lemon Grove School District.

Representing the Dairy Council of California at the premiere were: Charles Bier, public relations director and Joanne Hill, San Diego area representative.

Theme of the film which is produced for a popular market, is set in its title. Mrs. Hill pointed out that too many Americans pay little attenion to what they are eating and continually nutritionally starved even though their stomachs may be full. The human mechanism cannot perform close to efficiency under these conditions.

Mrs. Hill continued that "eating habit patterns established in youth carry over to the adult years and in this vicious circle children tend to accept the eating habits of their parents. It is not only possible, but fresuent that people may live their entire lives under these conditions without being nutritionally satisfied — a situation which can manifest itself ii continual lack of efficiency, lassitude, in adequate growth and susceptibility to disease. Health and performance require adequate nutrition at all age .vels and particularly during youth."

"Poor eating habits are particularly harmful in the teenage girl, who in these times, approaching marriage and motherhood, often lacks the sufficient nutrients to support her own body let alone that of the child," Mrs. Hill said.

In conclusion, Mrs. Hill emphasized that adequate diet and nutrition requires continued and balanced intake of four major food groups— dairy products, meats, fruits, and vegetables and breads.

The film, "Starvation Without Hunger" will be available for public showing through Mrs. Ruth Pfister at 463-6641 or Lemon Grove School District, PO Box 128, Lemon Grove, California.

Thievery and Misconduct

An interesting by-product followed our report of the dance hall fracas in Lemon Grove last week. It was the report of several hundred teen-agers milling around the area of the dance hall at Boardway and Olive until the wee hours Sunday. We reported that many of the teen-agers were from Logan Heights, a factual report from the sheriff's blotter and a report given by some of the business firms here. I.D. cards shown when some of the youngsters tried to buy alcoholic beverages supplied positive proof of the youngsters' residence.

Because of the trouble, the dance hall license was revoked by the sheriff and a citizens' group arose to protest loud and long about the near-riot in the community.

The by-product of our report was several telephone calls this publication received regarding "discrimination". Apparently some young hoodlums believed that revealing the area from which they came was discriminatory. Turning it around, to have not listed it because of the pressure of these hoodlums would have been allowing these guys to censor the press.

As if that were not enough, newspapers in which the report of the near-riot was reported, were stolen from various news-stands. If the dance hoodlums did it they have added thievery to their previous misconduct.

All of this is reported so that local residents may know of the detremination of these invaders to make trouble.

The only redeeming feature in the whole miserable mess is that the trouble makers were not local kids.

Bird As Capable as Ever

The Boney-Bird election has been settled with Henry Boney, the east county businessman, staying on top throughout the recount.

The margin was slim. Boney polled 55,930 votes to 55,761 for David Bird for a margin of 169. In the recount it became obvious that the outcome would remain the same so Bird called the recount off.

In the primary the margin was much wider. Bird tightened ranks among his supporters after that. He did a much more

FIRST BAPTIST CHURCH BEGINS PLANS FOR BUILDING PROGRAM

The Lemon Grove First Baptist Church launched its building program Sunday, Jan. 31. In 1942 the church was organized in the home of Mr. and Mrs. John Blaine who are still members of the church. The meeting place was changed to the V.F.W. Hall on Imperial ave. one month later.

The first church building at School ln. and Central ave. was dedicated in 1944. It was situated on the ground of the present-day Lemon Grove Fire Department. A new building was erected at Main and Burnell in 1949. It now serves as the educational building.

The present sanctuary was purchased in 1954. If this campaign is successful, a planned sanctuary costing $150,000 will be built and located in the area between the educational building and the present-day sanctuary.

It will seat 500 people and will include extra room for educational and social activities. The Baptists are using their "Buildability" now in raising the funds for this new building. A large thermometer in the church will show the weekly climb toward the goal. The architect, David L. Mitchell, will present the preliminary plans to the congregation of the Baptist Church this Sunday at 5 p.m. All interested persons are invited to attend.

Attendance Crusade To Be Conducted By LG Methodist Church

"LIGHT"

"God is light and in Him is no darkness at all." The Apostle John wrote these words. Light speaks of the purity, holiness and perfection of God. There is not a single blemish in His character. There is absolutely no darkness in God. God must not be brought even the slightest degree below the level of perfection. This is the God with whom you have to do.

Girl Scout Chatter

by Mary D. Giacinto

My hat is off to Pat Owen, leader of troop 661. She is trying to do something it would be well for all of us to emulate. to install civic pride in our children.

It seems lately that many trees have been mutilated and branches broken on the Mt. Vernon Elementary School grounds. In order to counteract this willful destruction, Mrs. Owen has given her girl scouts a few lectures on the importance of protecting public property. I feel sure the girls will have a weather-eye out for vandals, and would not hesitate to report them.

In attempting to set a precedence, troop 661 has selected as their second service project, the presentation of a Magnolia tree to the Mt. Vernon Elementary School. Joyce Riggs, their newest member, will make the presentation to Mr. W. Cornelius, principal of the school. Miss Riggs quoted for the group "We hope that the height and beauty of this tree will mirror our own growth of character."

Though Mt. Vernon School is not their sponsor, the girls presented their gift in appreciation for the use of the school for their meetings, and for the kind and courteous encouragement received from the faculty.

Wouldn't it be a wonderful thing if the spirit of civic pride took hold of all Lemon Grovers? Why not? It's just a matter of applying ourselves and teaching our own youngsters. So — let it take hold — this civic pride.

"This seminar at Del Mar will stress the importance of not taking the responsibility lightly," he said, "for the theme is 'Willingly Fulfill your Ministry.'"

Business Here Can Boom Mrs. Spisak Tells Club

Sue Spisak, a Lemon Grove civic, church and PTA leader, told the Lemon Grove Men's Club Friday that the business community of Lemon Grove could be more active and more attractive than any shopping center.

She said that local shoppers want to be loyal to the community in which they live. "They shop elswhere when they can't get what they seek in town." she said. "Local firms can provide that certain something that spells 'hometown", she said. Sincere interest in the customer, intelligent courtesy, and an attitude of friendliness should be a way of life here."

Mrs. Spisak said there are 3 simple steps by which the business community could prosper. 1. Conceive an image, 2. Set a goal, and 3. Consolidate forces.

She said a full-time coordinator would be needed to implement the program.

The Men's Club will hear Jim Van Dusen, Chargers trainer Friday, according to Chuck Buckles, program chairman.

The Men's Club meets Fridays at noon at Michaels for a no-host luncheon. All males are welcome to attend.

Rinky-tink pianos weren't the only thing that made the Gay Nineties gay. Take this Victorian phone booth, for example. It had a dome top, fancy glass windows, carved wood, silk curtains and a rug. But in those days phoning was considered a luxury. And pay phones were few and far between. Public need has changed all that. Now you find well-designed indoor and outdoor phone booths, almost everywhere you go.

Citizens' Group Backs Closing . . .

40 or 50 men to police local dances and got a negative answer from Chief Woods. "But we're going to stop anything that is contrary to public welfare, peace and morals," he said. "We receiveed letters from several Lemon Grove people complaining about the crowds at the dances, so we stopped them as of this week. (Jan. 28.)"

Attorney Frank Armstrong offered the resolution in support of the sheriff's action. He also suggested that controlled and chaperoned dances be held in the L. G. youth center and at school auditoriums.

Reynolds said "we want wholesome activity in our community."

Liquor dealer Emmett Marshall, operator of Village Liquor and Golf Shop said that his shop was overrun by teen-agers during the dance. His shop is across Broadway from the dance.

"We immediately reported to the police and later to the Alcoholic Beverage Control. Too many youngsters are turning up at the dance with six-packs of beer and we are often suspected of being the point of acquisition. I resent this implication."

BUSINESS HAMPERED

Ed Morgan, manager of Mayfair Market, also across the street from the dance hall, said he had to bring in store personnel to act as guards. Teen-agers who congregated in our store could have shoplifted us blind. "I have one objective, and that is asking for peace to be preserved. And that our rights be preserved to do business."

Fay said that the problem Saturday stemmed from youngsters from Logan Heights area taking part in the melee outside the dance hall. He said that many couldn't get into the dance because of the police set maximum attendance. The turn-a-ways milled around the business areas of that part of the town.

Meanwhile, officers were conducting an investigation concerning application for an adult dance hall license at the old Piggly Wiggly building at Broadway near Imperial. Police records show that George Morgan and Wilbur Keller, who gave their address as 2921 6th ave., National City are applicants. The sheriff's office said that a more precise survey is made for adult license requests than for teen-age dances.

The Bowlero, presently closed, is also said to be considered by a group for a dance hall site.

Lt. Randall said that a San Diego City ordinance gave stronger police powers in the control of dances in the city. "That is why so many applications are being made for county dance permits," he said.

He said that the laws were sufficient to allow sheriff to provide control. "When citizens complain we move right in and investigate," he added.

LETTERS TO THE EDITOR

Dear Editor,

Thank you for your excellent reporting in last week's Dimmer View concerning the near riot at the Fayaton Building in Lemon Grove. I hope you have helped to wake up a few parents who may not know what is taking place there. I personally can't blame the teenagers as much as the parents who evidently are not meeting their parental responsibilities. I certainly encourage the formation of a Lemon Grove Citizen Committee for the purpose of trying to dissolve this growing black mark that is now in existance here in Lemon Grove.

Sincerely concerned,
Dr. Frank L. Phillips,
3319 Buena Vista
Lemon Grove, Calif.

P.S. Concerning your comments on school unification; I am not particularly for the Lemon Grove District unifying with any other school district, mainly because it subtracts from local control, but if it has to come I would favor unifying with Spring Valley as they seem more compatible to Lemon Grove. In fact I would even go one further, I would like to see Lemon Grove and Spring Valley incorporate as one city.

F.L.P.

Dear Editor:

The Lemon Grove Junior Woman's Club supported two very needy families of the area during this past Christmas season. We obtained supplies of food and also gift certificates so that they could do a bit of Xmas gift shopping. This took very little effort on our part but there are two other groups in our area who toil hard and long in this same type effort. These are the Lemon Grove Community Welfare Association and the local Fire Department. Our club representative, Mrs. R. K. Bassham, contacted Mrs. Wm. Sayward of the Welfare Association and she, in turn, was of tremendous help to us. From this Association we received canned goods and toys which were distributed to our two needy families also. How do the fire men tie into this? They collect damaged or unwanted toys and make them look like new. This work is done in their spare time and when Christmastime arrives some of these toys are distributed through the Community Welfare Association.

We feel some people in our community are unaware of the fine work both of these groups are doing so want to take this opportunitty to publicly thank them.

Sincerely,
Mrs. J. F. Warner

effective job than the finals indicate because some of his supporters fell by the wayside when it was seen that Bird could be beaten and that Boney was the guy who was going to do it.

For all the bitterness of the battle, Boney was generous in his praise for Bird's past service. No one will deny that Bird has been tireless and selfless in serving San Diego County. He appeared to have a ready ear for those who had a problem with the county. It was Bird who helped shape the well-run county into what it is today.

We think that the rising tax cost in a basically bedroom community caused many voters to revolt. It was their way of saying taxes are too high. Any supervisor who would have run in this bedroom community would have suffered defeat in 1964, we believe.

We could think of nothing finer than for the present board of supervisors to attempt to get David Bird to accept a post serving the supervisors. There are many county posts and commissions that need professional guidance.

Dave Bird is capable of doing any job his former board members could offer. And it might not be a bad idea for Henry Boney to be the one to suggest it to the rest of the board.

Donovan Introduces Bill To Change Unification Law

Assemblman Richard J. Donovan (R), Chula Vista, this week announced the introducti on of a bill aimed at removing a portion of Assembly Bill No. 145 enacted during the 1964 Special Session of the Legislature.

This bill, Assembly Bill No. 511, would eliminate the directory language to the State Board of Education relative to the criterian to be used in determining the method of unification of school districts. The directory language says that school districs shall be organized on existing union high school district boundaries unless good reason is shown to the contrary for not doing so. Donovan's bill would eliminate this language.

Donovan said, "At a presession meeting with the San Diego County Committee on School Unification, the committee members expressed themselves to the effect they were about to resign their positions because their experience with the State Board of Education had been than no unification plans were being accepted unless they followed the high school district boundaries. The board felt that its position was not a group which was holding public hearings with an absolute objective but merely that they were a rubber stamp for the State Board; that they had no function. Certainly this was not the intent of AB 145 and the actions of the State Board of Education, in hiding behind the directory laguage, have not helped the progress of unification of school districts within the State of California, Donovan said. The enactment of this measure will restore some discretion to the local boards so that they can hold hearings in good conscience and develop positive plans on a local level to submit to the State Board for their consideration," he said.

WHEREAS, Section 31031 of the California Water Code empowers the Board of Directors to fix on or before the first day of July in each calendar year, a water standby or availability charge of not to exceed Ten Dollars ($10) per acre per year for each acre of land, or Ten Dollars ($10) per year for each parcel of land less than an acre within the district to which water is made available for any purpose by the District, whether the water is actually used or not; and

WHEREAS, there has been presented to and considered by the Board information relating to land uses, water users, the location of of said water system, and the financing requirements of the said Improvement district; and

WHEREAS, it is deemed to be in the best interests of the inhabitants, landowners, and water consumers in the said improvement district that a water availability charge be fixed for the territory lying within Improvement District No. 2 of La Presa County Water District for the Calendar year of 1965.

1. Each of the matters set forth hereinabove are true and correct.

2. The Board of Directors of La Presa County Water District intends to adopt a water standby or availability charge for Improvement District No. 2 of La Presa County Water District for the calendar year of 1965 which water standby or availability charge shall be fixed for all parcels of land lying within the territory of the said improvement district in accordance with the following schedule:

a. For all parcels of land consisting of one (1) acre or more, a charge of Ten Dollars ($10) per acre.

b. For all parcels of land consisting of less than one (1) acre, a charge of Eight Dollars ($8)

LOOK AT 1965 — Don Rhodes (seated at right), manager of the B. F. Goodrich tire and automotive service at 7285 Broadway, Lemon Grove, joined with the managers of 47 other B. F. Goodrich stores in the western states to see a preview of the sales and advertising plans that are expected to help make 1965 another record breaking year for replacement tire sales. He attended a two-day sales conference at San Francisco and is shown here as he met with company executives who conducted the meeting. Seated left is W. B. Flora, general manager of retail sales for B. F. Goodrich Tire Company, from Akron, Ohio. Standing left to right are R. S. Thomas, Pacific regional manager of retail sales; and J. F. McKillen, Los Angeles zone manager of retail sales. Flora said industry sales of replacement tires for passenger cars, trucks and buses in the 11 western states are expected to total more than 18,136,000 units in 1965, representing an increase of about 35 percent over 1960.

Miguel Seniors Prepare To Earn While They Learn

Mount Miguel High School students are busy arming themselves with on-the-job work experience while in school as well as preparing for the future.

Senior students, under the guidance of George Glaeser, vocational counselor, and Warren Bellows, will be conducting employment surveys throughout the Grossmont High School District until May. Information cards are being given to all employers interviewed by the student teams.

The survey will help district vocational counselors contact possible youth employers for placement of students in suitable jobs.

Glaeser explained the advantages of work experience to students, especially seniors, and the benefits to employers in an open letter. "The students learn what good job performance is, get training in non-school fields, earn while learning, work for and with people, choose a career more wisely and — most important — solve the 'no experience' problem."

Julie Wilson was a team captain during the surveys, begun last week. A senior at Miguel, she has just been placed in her first job at the Spring Valley Chamber of Commerce office through the Miguel work experience program.

Joe Smith selected her from three girls recommended by Glaeser "because of her typing ability, her business class experience and her neat appearance."

Julie took typing, shorthand, filing and bookkeeping last year. This year, she is taking business law and secretary-office practice.

"I'm going to bank my wages for college next year," she said. Her plans include attending Grossmont Junior College at night and working during the day. A native Californian, she has lived in Spring Valley for five years.

LG Girl Takes Part In English Seminar For Helix Seniors

Denise Evans, daughter of Mr. and Mrs. Allen Evans of 2626 Corona st., Lemon Grove, is one of five Helix High School seniors attending a accelerated English course at the School.

Now in its second year, the course is patterned after college seminars. The five seniors attend the course in place of a standard English course.

The class meets one night each week in a seminar session for the discussion and reading of projects, papers and other literary works. Each student must complete six projects in the field of English language and European literature. The students must also maintain the basic assignments of their standard English course, although they are exempt from examination on this work.

Selection of the participating students was based in part on their ability and achievement during the previous year, and in part on teacher and counselor recommendations. However, the student has the final decision as to whether or not he cares to take the course.

Other students in he class are Sharon Battram, David Eckert, Gilbert Monjo, and Jim Person, all of La Mesa.

Student-Counselor Meeting Scheduled By Mt. Miguel PTA

On Thursday, Feb. 4 counselors at Mt. Miguel will be at the big annual PTA student counselor meeting. It will be at 7:30 p.m. in the cafetorium.

Counselors will be able to answer both group and personal questions. This is an opportunity to know the many ways a counselor can enrich and assist your children.

Sharon Center Wins Homemaker Award At Helix High School

Sharon Center, 17, Helix High School senior, has achieved the highest rating at her school for the 1965 Betty Crocker American Homemaker of Tomorrow award.

Competition began Dec. 1 when she joined the ½ million other senior girls from more than 14,000 of the nation's high schools taking the test. The examination, which lasted 50 minutes, called for general homemaking knowledge and aptitude.

Sharon's examination paper was automatically entered in judging for the Betty Crocker State Homemaker of Tomorrow. If she wins this honor, she will receive a $1,500 scholarship and will then be eligible for entry in the All-American Homemaker of Tomorrow or one of the three national runners-up.

Sharon, daughter of Mr. and Mrs. William Center of 6682 San Miguel, Lemon Grove, was informed of the honor by mail. She plans to major in homemaking in college this fall.

Monte Vista Team Nears Championship

Hopes ran high at Monte Vista High School on Tuesday, as that school's basketball team scored 50-39 over El Cajon High. The game played on the Monarch boards, was the eighth straight win for M. V. Hi and brings the team closer to its first Grossmont League Championship. With only four games left in league competition, Monte Vista needs only two wins to assure itself the tie. Three wins out of the four will mean the championship.

Six foot Dan Roberson of the Monarchs scored 28 points for his team, but that did not discourage the Braves, who were in there fighting to the last ditch. The Braves scored nearly an upset in the latter part of the game, but the rally failed when M. V.'s Phillips made two free throws, on a one and one situation.
